六级预测作文一 快时代

For this part, you are allowed 30 minutes to write an essay that begins with the sentence **"nowadays, more and more people want to get things done instantly"**. You can make comments, cite examples or use your personal experiences to develop your essay. You should write at least 150 words but no more than 200 words.

在这部分, 你有 30 分钟的时间写一篇文章, 以“如今, 越来越多的人想要立即完成事情”为开头。你可以发表评论, 引用例子或使用你的个人经历来发展你的文章。你应该写至少 150 字, 但不超过 200 字

With the increasing pace of life, nowadays, more and more people want to get things done instantly. Therefore, the ability to complete tasks on time is becoming more and more important. The following are reasons and concrete evidence to support my view point.

In the first place, we can't divorce from the reality that time matters everywhere. Based on big data, most successful social elites (modern citizens) have admitted that speed is their first concern when making choices. Moreover, no one can deny that waiting makes us impatient. Where there is waiting, there is a waste of time. Last but not least, I firmly believe that doing things slowly doesn't mean doing well. The more time you procrastinate, the more chances you miss.

In conclusion, the ability to complete tasks on time is essential for everyone. If we spare no effort to cultivate this ability, the future of our study and career will be both hopeful and rosy.

随着生活节奏的加快, 现在越来越多的人想要即时完成事情。因此, 按时完成任务的能力变得越来越重要。对于学生来说, 提高他们在面临截止日期时解决问题的能力是非常必要的。以下是支持我的观点的理由和具体证据。

首先, 我们不能脱离现实, 时间在任何地方都很重要。基于大数据, 大多数成功的社会精英都承认, 在做选择时, 速度是他们首先考虑的问题。此外, 没有人能否认等待使我们失去耐心。哪里有等待, 哪里就有浪费时间。最后但并非最不重要的是, 我坚信做事情慢并不意味着做得好。你拖延的时间越多, 错过的机会就越多。

总之, 快速解决问题的能力对每个人来说都是必不可少的。如果我们不遗余力地培养这种能力, 我们的学习和事业的未来将是充满希望和美好的。

预测 2: 谚语类: 拙匠常怪工具差

As an old saying goes: A bad workman always blames his tools. For us college students, it has an increasingly important significance: If you fail, you should not find a reason somewhere else but in yourself. The following reasons can account for this issue.

In the first place, we can't divorce from the reality that our attitude plays a role in one's success. Based on big data, most successful social elites have admitted that they have a serious mindset towards everything. Moreover, no one can deny that personal efforts make us stronger. Where there is effort, there are opportunities. Last but not least, I firmly believe that although the environment or outside factors can influence your success to some degree, it is your willingness that makes the call. The more serious you are, the more possibility you will succeed.

In conclusion, a serious attitude towards everything is essential for everyone. If we spare no effort to cultivate this mindset, the future of our study and career will be both hopeful and rosy.

俗话说: “拙匠怪工具差。”对于我们大学生来说, 它有着越来越重要的意义: 如果你失败了, 你不应该在其他地方寻找原因, 而应该在自己身上。以下原因可以解释这个问题。

首先, 我们不能脱离现实, 我们的态度在一个人的成功中起着作用。基于大数据, 大多数成功的社会精英都承认他们对任何事情都有一种认真的心态。此外, 没有人能否认个人的努力使我们更强大。哪里努力, 哪里就有机会。最后但并非最不重要的是, 我坚信虽然环境或外部因素会在一定程度上影响你的成功, 但决定你成功与否的是你的意愿。你越认真, 你成功的可能性就越大。

总之, 认真对待每件事的态度对每个人都是必不可少的。如果我们不遗余力地培养这种心态, 我们的学习和职业的未来将是充满希望和美好的。

方法 2

With the increasing pace of life, nowadays, more and more people want to live by themselves. It's a good trend for young generation to improve their life qualities. The following are reasons and concrete evidence to support my view point.

With the leap of technology, nowadays, more and more teachers are replaced by the use of computer or online course technology. It's a totally unnecessary concern in my opinion. The following are reasons and concrete evidence to support my view point.

In the first place, we can't divorce from the reality that every teacher is unique and special. 预测 5 图表类 博物馆接待人数变化

As is starkly mirrored in the chart, the number of people who visited museums has rocketed up in the past decade. It is revealed that China's achievements in the cultural industry. The following reasons can account for this issue.

In the first place, there is no doubt that officials in the governments have played an important role in this process. Moreover, no one can deny that the free admission policy of museums is indeed beneficial. Where there are good policies, there is attraction. In conclusion, the accomplishment of the museum exhibition in China is outstanding. If we spare no efforts to maintain the work, the future of our country will be both hopeful and rosy.
